This certificate is awarded by CompTIA, the global trade association representing the business interests of the information technology industry. For more than 20 years CompTIA has provided research, networking and partnering opportunities to its members, developing standards and best practices and impact IT worldwide. Best known in the IT certification area for CompTIA A+ certification, the association offers vendor-neutral certifications in key technology areas. CompTIA certifications are funded, developed and governed by industry leaders and meet the highest standards of certification testing. CompTIA certifications are recognized by other leading certification developers like Cisco, IBM, Intel, Microsoft and Novell.

CompTIA - The organization of choice for the global technology community.
